

SHIPPING AUDITING
FREIGHT COSTS
RELATIONSHIPS
TRUTH IN SAVINGS

Auditing your freight invoices should be as normal a process as shipping itself. Ship Watchers' process for auditing invoices is automated and streamlined with no risk, no upfront costs and no damage to your carrier relationship(s). Our only fee is a small portion of the savings we bring to your carrier account(s).

Please take a moment to think about our solution, the information contained within our brochure and online at www.shipwatchers.com. We offer our auditing solution through years of experience in working with carriers who benefit from incorrect charges to client invoices and clients that have realized substantial savings by eliminating errors from their invoices.

Getting a proposal and analysis of your historical shipping data processed through Ship Watchers will provide you with valuable insight on the savings and benefits of utilizing our auditing solution before officially signing up for our services.

Our solution is backed by no risk and no obligation as you can cancel at any time if you are not satisfied with our findings. In addition, our solution pays for itself ensuring you know what is going on with your shipping...

Why not let Ship Watchers present you with a proposal and analysis today?

Quick Review Of What We Do...

CONNECTING YOUR BUSINESS TO OTHER SHIPPERS
CAN SAVE YOU MORE

We have our own connections with the common carriers and freight companies. Our network will process your shipping invoices as they come in via our own internal connections. We find error adjustments that are placed on your individual shipments and credit these back with the shipping company that billed you. These adjustments are most often placed incorrectly by the carrier. These are costs that are automatically adjusted by our network. Our only fee for the auditing portion of our solutions is a percentage of the adjustments we find and adjust back to your freight invoice. Our auditing solution pays for itself while providing you with additional tools, features, support and options to further reduce your overall transportation spend.

a la carte solutions for your company to pick from

Small Parcel Audit

UPS, FedEx, DHL & USPS package level auditing.

Over \$3 Billion Dollars in incorrect charges and errors go unclaimed each year with the shipping carriers. We put every shipment and invoice through over 93 audit points to recover discrepancies such as residential vs commercial, rate errors, address corrections, service failures, dim weight errors, and delivery area surcharges. **Ship Watchers guarantees to reduce your shipping costs with our auditing solution by at least 2% - 9% percent and up to 20% during peak season (Oct – Jan) depending on your shipping characteristics.**

Advanced Reports & Portal Access

24/7 access to your reports and shipments.

Ship Watchers has the most advanced web portal in the industry integrating all of your shipping characteristics into one online location. With clients in mind our team of former carrier employees, developers, and IT Professionals created a network that will streamline all carrier data and processes into one single source.

- All Carrier Information (Contracts / BOL / PO / Invoices / etc.)
- Unlimited Number of Users
- Tracking / Tracers / Intercepts / Disputes
- Unauthorized Account Bills
- Chargeback Monitor
- Exception Shipments
- Freight Rate Quotes
- COD Monitoring
- Shipping Invoices / Shipment Summary
- Freight Invoice Audit Monitor
- Freight Payment Monitor
- Customized Reporting (GL Coding / Cost Allocation)
- ADHOC and MySQL Access for All Clients

Freight Payment Options

Payment of all shipping invoices in one location.

Along with our freight invoice audit we offer clients our services for freight payment. Clients will enjoy one login location to view all carrier invoices, status reports on our freight audit for each invoice, payment process, and any customized reporting. Ship Watchers will work with each carrier to implement a method for freight audit and payment processing.

- Paper & paperless invoices all located in one location electronically
- Agreements, Bill of Lading, Re-weigh certificates, etc. online
- TMS (Transportation Management System) integration
- Carrier contracts, rates, and shipment status records implemented
- Global visibility to cost (supplier, commodity, mode, etc.)
- Improved vendor relationship due to visibility into payment info
- Accurate General Ledger cost allocation and timely payments

Contract Analysis & Negotiations

We are here to help you get the right price.

One of the most expensive costs for a company can be the shipping. Have you found cost negotiations with your carrier to be a bit overwhelming?

Reducing your pricing contract with the carrier will result in immediate savings for the company. Our consultants have years of experience with contract negotiations and some have even worked with shipping carriers. Their job is to help you get the best possible cost and arrangement with your carrier for all your shipping needs. Ship Watchers has been working with shipping clients for numerous years and will be able to compare your characteristics to that of our clients as guidance during your negotiations maximizing your ability to obtain the best possible rates.

Freight Invoice Audit

TL, LTL, Ocean, Rail and Air invoice audit

Ship Watchers has a dedicated team of auditors and developers specialized in freight invoice auditing for LTL, TL, Ocean, Rail, and Air Freight shipments. We have mastered a freight audit system that requires minimal human interface. Our freight audit system can be tailored around your business rules and any business changes that occur. Given the diversity of carriers for all modes, commodities shipped, contracts of carriage, and invoicing procedures we have our own internal staff that will work with each client to customize the auditing process around your specific shipping characteristics and carriers you work with. **All invoices whether paper or paperless will be available to you electronically and all information obtained will be included for any customized reporting.** All invoices are run through our automated network and double checked by an experienced auditor for any errors.

Cargo Logistics Quotes

Specialized cargo rates for all shipping needs

Ship Watchers is proud to offer our clients access to our freight rate quoting system. We specialize in arranging freight transportation for any size and urgency of shipment whether LTL, TL, Ocean, Rail, or Air. We will provide you with several options and offer guidance on the best method given your parameters of time, value, weight, dimensions, origination, and destination.

OUR EXPERIENCED FORMER MAJOR SHIPPING CARRIER AND FREIGHT ACCOUNT EXECUTIVES AND MANAGEMENT STAFF CAN BRING THE KNOWLEDGE TO YOUR COMPANY

@SHIPWATCHERS

You can even follow carrier delays at our website: shipwatchers.com

CUSTOM SOLUTIONS

Bring more customized reports, screens and over all technology tools that you may have never had with your current solution. Email notifications to a Sales Force about address corrections needed, C.O.D.s not collected, refusal of shipping charges, etc. We can adapt any custom solution to you.

ANYWHERE SOLUTIONS

All it takes is Internet access to get your Freight Invoices, Shipment Details and more...

From your PC, Laptop or even a Handheld device, we have the connections for any part of your team. 24.7 Support is available to your company via online ticket or chat support right from our site.

FREIGHT PAYMENT SOLUTIONS

In this day and age, Freight Payment does not have to be costly. We offer solutions that are tailored to your company and even FREE when selecting our Common Carrier Auditing Solution.
